

# Canal Town Preschool

## Universal Prekindergarten

Canal Town Nursery School is one of Palmyra-Macedon Central School District's UPK sites. This is a free program for students living in Palmyra who turn 4 before December 1<sup>st</sup>. Spaces are limited in the program and transportation is available.

Canal Town Nursery School's UPK program is theme based and designed around the NYS Prekindergarten standards. This includes reading and math readiness skills, physical and health development, and social development. We focus on the children's ability to form positive relationships with teachers and peers allowing them to become successful in a classroom environment. Our UPK program allows our students to become active learners through play, which we feel is increasingly important for four year olds. The children in our UPK class will have many opportunities to utilize our indoor play center as well as the adjacent playground outdoors. We take walking field trips within the community and periodic bus field trips to enhance our themes.

**Enrollment is completed through Pal-Mac Central School District.**

For more information about UPK, please visit Palmyra-Macedon CSD website:
